ABOUT

RHYTHMIC JOURNEYS INTO THE DEEP

Talos has been playing records since 2004. His sound sits between deep house and techno: groovy rhythms, deep undertones and dark, melodic lines that build slowly and hold a floor for hours.

He spent seven summers as a resident in Mykonos, with winters split between residencies at W Hotel and W Doha and guest dates across France, Italy and Turkey. From 2019 to 2021 he held residencies in Ibiza, and he has since played Mykonos seasons at Spilia, Scarpa, Bolero and Interni Mykonos, alongside guest dates in London, Zurich, Paris and beyond.

Every set is built as a journey, from the sunset warm-up to peak time, reading the room the whole way.

BUILT FOR THE DEEP.

In the studio he produces his own deep and tech house, testing new tracks on the floors he plays. His unreleased “Like That” has already been played at Cavo Paradiso and Scarpa, Mykonos.
